

Millbrook Road & Lower Waikumete

PROJECT TWIN STREAMS WALK/CYCLEWAYS

Time

Walk: 22-30 mins

Cycle: 6-8 mins

Cycle network connections

- Millbrook Road and Vitasovich Avenue to Edsel Street and Alderman Drive to Henderson Creek Walkway/Cycleway, and on to the North-Western Cycleway
- Connects to Oratia Walk/Cycleway at Serwayne Place

Project Twin Streams Features

- Millbrook Edible Garden - Community vegetable garden and fruit orchard which allows local groups to grow their own food
- Stormwater Detention Pond - Ponds like this help manage stormwater by providing an overflow area and slowing the speed of the stream, preventing erosion
- Te Kawerau a Maki Identity Marker - This pou ihi is made from kauri and stained glass and represents the relationship between water and people
- Seating Area - These benches reuse concrete power poles to artistic effect and depict the orchards that were once prolific in this area
